

## Fox Fury Lighting

**Fox Fury Nomad Now Scene Light (Single Activation)**  
**BBD-263400**

**Fox Fury Nomad Now Scene Light (Multi-Activation)**  
**BBD-263375**

The Fox Fury Nomad NOW Scene Light is a compact and versatile with a built-in carry handle. It can function as a lantern, or be mounted to a tripod or magnet to deliver up to 3,300 lumens of field lighting. This cordless, rechargeable LED light can operate as a spotlight or flood light (by sliding the diffuser lens) with a run time of up to 24 hours. It has instant light activation and is ideal for situations where speed, compactness, portability, and for times when working hands-free is needed.

The FoxFury Nomad NOW Scene Light is easy to transport and needs no cords or generators. Can be use indoors, outdoors, or submerged underwater. Powered by an internal rechargeable Li-ion battery system, the FoxFury Nomad NOW Scene Light provides three modes of light; low, medium, and high, enabling the user to adjust the light intensity according to the situation.

The FoxFury Nomad NOW Scene Light is ultra-rugged and works in any weather. It is waterproof, impact resistant and even meets NFPA fire resistant requirements. At 4.5 lbs (2 kg), it is lightweight enough to be carried by any individual and compact enough to store multiple units in a carry-on suitcase. NOTE: The multi unit activation feature should not be used in tactical sensitive situations.

### Features

- Two (2) lights in one: area light and spotlight
- Stackable
- Mountable on a tripod
- Head rotates 45 degrees in either direction
- AC or DC charge / drive
- Battery life indicator
- Sliding diffuser lens to change light type
- Built-in handle
- Remote activation within 20 ft (6 m) - not designed for tactical use

**Fox Fury Nomad Prime Scene Light**  
**BBD-263425**

The Fox Fury Nomad Prime Portable Scene Light has built-in tripod legs and extends up to 8ft (2.4m) tall to deliver up to 5,600 lumens. This cordless, rechargeable LED light can operate as a spotlight or flood light (by adding or removing the diffuser lens) with a run time up to 24 hours. This is our most tactical, ready to go tripod light that boasts the best spotlighting ability in comparison to other Fox Fury lighting. It is ideal for situations where power, portability, and working hands-free is needed.

The Fox Fury Nomad Prime Portable Scene Light is a self-contained. It is compact, easy to transport and needs no cords or generators. It can be use indoors, outdoors and even when submerged underwater. Powered by an internal rechargeable Li-ion battery system, the it provides between 3-24 hours of runtime. If

## Fox Fury Lighting (Cont.)

you have the included AC/DC Adaptor plugged in, the Prime provides continuous light 4 modes including a low, medium, high and flashing setting enable the user to adjust light intensity and function according to the situation.

The Fox Fury Nomad Prime Portable Scene Light can be carried strapped around the shoulder (bazooka-style) to illuminate a path to destination. It sets up in seconds by deploying its built-in tripod legs, raising the telescoping pole and adjusting the light head. The light extends tall enough to clear people's heads, which minimizes shadows and accidental blinding. This durable light works in any weather and is waterproof, impact resistant and even meets NFPA fire resistant requirements. At 18.4 lbs (8.3 kg), it is lightweight enough to be carried by most individuals and compact enough to store multiple models in tiny closets or trunks of vehicles.

### Features

- Two (2) lights in one: area light and spotlight
- Portable, rechargeable, cordless and generator-free design
- Deploys in under 20 seconds
- Battery life indicator
- AC or DC charge / drive
- Head rotates 340 degrees and tilts up & down
- Anchor strap
- Leg extensions for uneven terrain
- Lens cover provides protection when light is stored
- No warm up or cool down required

### **Fox Fury Nomad 360 Scene Light BBD-263450**

The Fox Fury Nomad 360 Scene Light is battery operated and has built-in tripod legs. It extends up to 8.5 ft (2.6 m) tall to deliver up to 8,800 lumens. This cordless, rechargeable LED light can operate as a spotlight, flood light or 360° scene light with a run time of up to 24 hours. This is a bright, self-contained scene light for situations where portability, maximum power, and the need for hands-free work is needed.

The Fox Fury Nomad 360 Scene Light is a self-contained, portable, compact, easy to transport, and needs no cords or generators. It can be used indoors, outdoors or submerged underwater. Powered by an internal rechargeable Li-ion battery system, the 360 provides between 3-24 hours of run time. If you have the AC/DC Adaptor (included) plugged in, the Fox Fury Nomad 360 Scene Light provides continuous light. Four (4) modes, including a low, medium, high and flashing setting, enable the user to adjust light intensity and function according to the situation. The Fox Fury Nomad 360 Scene Light can be set up in seconds by deploying its built-in tripod legs, raising the telescoping light pole, and tilting the light head. The light head extends tall enough to clear people's heads, which minimizes shadows and accidental blinding. The light head can swivel, adjust up and down and change from a unidirectional to multi-directional orientation.

This durable light works in any weather and is waterproof, impact resistant and even meets NFPA fire resistant requirements. At 24.4 lbs (11.1 kg), it is lightweight enough to be transported by most individuals and compact enough to store multiple models in small spaces including closets and trunks of vehicles.

## Fox Fury Lighting (Cont.)

### Features

- Three (3) lights in one (1): scene light, area light and spotlight
- No warm up or cool down required
- Portable, rechargeable, cordless and generator-free design
- Deploys in under 20 seconds
- Battery life indicator AC or DC charge / drive
- Head rotates 340° and tilts up & down
- Anchor Strap Leg extensions for uneven terrain

### **Fox Fury Nomad Transformer Scene Light BBD-263950**

The Fox Fury Nomad Transformer Scene Light has built-in tripod legs and extends up to 12.9 ft (3.9 m) tall to deliver up to 17,600 lumens. This cordless, rechargeable LED light can operate as a spotlight, flood light or 360° scene light with a run time of up to 24 hours. This is our brightest and tallest scene light for large scale events where portability, maximum power, and silent operation are key.

Fury Nomad Transformer Scene Light is an extra tall portable scene light. It's compact, easy to transport and needs no cords or generators, which makes for a quieter and safer job site. It is easy to move and permissible to use indoors, outdoors or even submerged underwater. It also allows for travel to and be used in places that standard scene lights, street lamps, and vehicle mounted lights cannot reach. Powered by a rechargeable Li-Ion Power Pack, the Transformer provides 3-24 hours of run time. Additional power packs (sold separately) can be swapped in to provide continued illumination. If you have the included AC/DC Adaptor plugged in, the Transformer provides continuous light. Three (3) modes including a low, medium, high, and flashing setting enable the user to adjust light intensity and function according to the situation.

The Fury Nomad Transformer Scene Light can be set up in under one minute. The light head extends tall enough to easily clear people's heads, which minimizes shadows and accidental blinding. It can also extend over vehicles and a separate extension pole is available to add more height. The light head can swivel, adjust up and down and change from a unidirectional to multi-directional orientation. This tough light works in any weather and is waterproof and impact resistant. At 53.5 lbs. (24.25 kg), it can be assembled by one person and moved by 1-2 people when fully assembled. It is much more compact and lightweight than other tower lights or generator powered lights.

### Features

- Three (3) lights in one: scene light, area light and spotlight
- No warm up or cool down required
- Portable, rechargeable, cordless and generator-free design
- Deploys in under 60 seconds
- Battery Life Indicator
- AC or DC charge / drive
- Head rotates 340 degrees and tilts up & down
- Remote activation within 20 ft (6 m) - not designed for tactical use
