

Fox Fury T.E.D.D. (Tactical Electronic Distraction Device)

The Fox Fury T.E.D.D. (Tactical Electronic Distraction Device) is for use in training, riots, SWAT, corrections, and used in many other situations. It is available in white light and infrared light. It is durable, rechargeable, reusable, and programmable. The Fox Fury T.E.D.D. should only be used by trained professionals. The Fox Fury T.E.D.D. is ONLY SOLD to approved law enforcement agencies and security companies.

Features

Rechargeable & Reusable

Lithium-Ion Rechargeable battery pack is built in. Charge the T.E.D.D. by attaching the DC charger (included).

Durability

The T.E.D.D. has a solid steel base, high temperature poly-carbonate side, and nylon top cover. The heavy base is designed to right itself when overturned. It is submersible to 10 ft (3.3 m) and is impact resistant.

Programmable

There are eight (8) programmable Light & Sound Modes and four (4) programmable Activation Delays.

IR Version Available

An 940 NM infrared version of the TEDD available.

The Fox Fury T.E.D.D. should ONLY be used by trained professionals.
