

Kappler ProVent Plus Coverall

Protection Against Blood, Body Fluids, and Viral Threats | Passes ASTM F1671

Kappler ProVent Plus Coveralls are engineered with a patented microporous film composite fabric that offers a wide range of barrier protection against blood, body fluids and viral threats. It passes the ASTM F1671 blood and viral penetration tests. The high moisture vapor transmission rate (M-VTR) of ProVent Plus results in a more comfortable garment ideal for biohazard cleanup. Four configurations to choose from as well as detached skid resistant shoe/boot covers.
