### The S-CAPEPLUS Mattress has Layers of Protection for Added Safety, Comfort, and Hygiene

#### 1.) Mattress

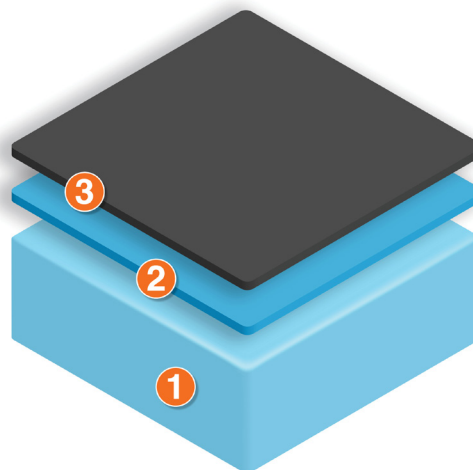

Flexible, dense foam protects, provides support, and comfortably cushions the patient.

#### 2.) Inner Casing

The mattress is placed within a waterproof PU casing. This provides extra protection and prevents liquids from penetrating to the mattress.

#### 3.) Outer Casing

The zippered outer casing of the mattress is removable, washable, fire-retardant and anti-bacterial. It can be replaced if needed.
