

Westcot Functional Needs Cot

The Westcot Functional Needs Cot is truly a “Whole Community Response Cot” which addresses the concerns of our most vulnerable populations and also the needs of General Populations with compassion of care. It supports your Disaster Preparedness Efforts and also your Emergency Activation Plans.

Meeting the FEMA guidelines in relation to ADA compliance, the cot is the wheelchair transferable height cot that offers safety and comfort for the survivor and ease of use for the responder(s) tasked with their care. Decontamination protocols and remedial storage for the response personnel is simplified with this cot. It is intended for multiple deployments over extended periods of time at fixed or portable shelters, portable hospitals, and assisted living facilities, and anywhere a fully functional or Special Needs Cot is required. Available to be purchased as a single cot with several options or as, a 5 or 8-patient system.
