

Byer TriLite Cot

The TriLite Cot from Byer is an ultra-light weight cot (a little over 7 lbs.) and sits just 8 inches off the ground, yet offers a full sleep surface of 74" long by 25" wide, and has a 250 pounds weight capacity. It folds down to a mere 27" x 3" x 8" and fits into its rip-stop polyester travel bag. It is made with a strong lightweight aluminum frame with heat treated spring steel legs and covered with high strength 600 Denier ripstop polyester.

The TriLite cot is comfortable enough to be used as is. However, if a sleeping pad is needed the straps at the head and foot help reduce slippage while in use.

Dimensions: 74"L X 25"W X 8"H
Folds in thirds. Packed / travel dimensions: 28"x7"x3"
Color: Spruce
Weight: 7.5 Lbs.
Weight Limit: 250 Lbs.
