

Vericor 24" Workstation

The Vericor 24" Mobile Workstation has three drawers for storage, plus a detachable table for working on. Simply undo a couple of butterfly latches and the unit opens up and is ready for work. It has a self-contained case and is ideal for in-field clinics needing to store, organize, and transport medical supplies. The unit is on wheels and has transport handles enabling the unit to move when and where it is needed. It is lockable for secure storage and has glove holders in the lid for easy access. It also has easy lock wheels with a wide wheel base so the unit can be maneuvered easily and safely.

Features

1. Stainless steel drawers are deep with customizable dividers.
2. Removable lid can be turned into a table for an additional work surface.
3. Easy-Lock Wheels have a wide wheel base for easy and safe maneuverability.
4. Lid (top cover) stays open to assure safety.
5. Four recessed handles for ease of movement.
6. Butterfly latches for secure transport.
