## Westcart 10 Storage Cart

The Westcart 10 Storage Cart was designed for rapid deployment and to assist response agencies with the expedited delivery of Westcots to nearly any environment. The Westcart 10 Storage Cart has four all terrain casters so there is zero deflation concerns. Two of the enhanced casters are equipped with high quality brakes to assure operation safety.

The Westcart 10 Storage Cart is engineered to house (10) Emergency Disaster Support Cots paired inside of five (5) Westcot Rapid Deployment Bags. For added protection the Westcot 10 Storage Cart has a triple layer vinyl dust cover (outer covering) which is soil and puncture resistant.

The Westcot 10 Storage Cart can hold 10 FNC or EDS Westcosts, or 15 GUC Westcots.

It has a welded steel construction, laser cut components so there are no sharp edges, and a baked on powder-coated textured finish.

**Dimensions:** 38 x 43 x 82
