

Vericor Upright Medical Organizer

The Vericor Upright Medical Organizer is an exclusive, hangable roll pack for organizing medical supplies needing visibility. This jump-bag style organizer is made of durable, decontaminable vinyl. Due to the dual-use EZ Hang System it can be hung on doors, shelter frames or stands and allows for vertical deployment almost anywhere. Pack the 20 clear pockets with supplies, zipper the pockets close, and roll it up to carry it into the field to provide immediate visibility to organized supplies. Pre-attached straps and hooks enable various hanging capabilities, while the highly visible ID holder tells providers what it is for. Portable Stand and Protective Carry Bag are not included, and can be ordered separately. **Made in America.**
